19 FEB 1960

STAT

Thank you for your letter of 27 January 1960 to Mr. Dulles regarding your interest in working with us on a part-time basis.

We appreciate your very thoughtful suggestions and the patriotic interest which prompted your offer. As you anticipated, our needs for part-time personnel, particularly located away from our headquarters office, are infrequent and we do not have any immediate requirement which would take advantage of your desire to be of service.

Although our present forecasts of personnel needs do not suggest an opportunity for you to work with us in the capacity you describe, it is possible that an opening for you might develop in the future. We shall, therefore, be very glad to hold your letter in an active status and get in touch with you in such event.

Sincerely,

for
G. M. Stewart
Director of Personnel
